

1080p Indoor Wi-Fi Camera

ADC-V516 DATA SHEET

Key features

- 1080p HDR Video
- Continuous Live Video with Two-Way Audio
- 2.4 or 5 GHz Wi-Fi connection
- Continuous Local Recording
 - Onboard Recording with Smart View
 - Stream Video Recorder
- Video Analytics

Included Accessories

- ADC power adaptor
- Mounting hardware

Requirements

- **Power:**
12 V - 1 A DC power adapter (included)
- **Network:**
2.4 or 5 GHz Wi-Fi connection

Overview

Experience enhanced video alerts and high-quality live and recorded video with the ADC-V516. Featuring night vision and High Dynamic Range (HDR), the ADC-V516 captures essential details in any lighting conditions, day or night. Enjoy Continuous Live View with Two-Way Audio for real-time communication. Dual-band Wi-Fi support ensures a more reliable and faster connection. Alarm.com's advanced Video Analytics can detect and notify you of people, vehicles, and animals on your property. Take advantage of cloud-based video clip storage, or opt for continuous local recording with an Alarm.com Stream Video Recorder or Smart View for Onboard Recording (additional hardware required).

Specifications

- | | |
|---|--|
| • Recording compression:
H.264 | • Image adjustments:
Flip, brightness, contrast, Saturation, sharpness, exposure |
| • Max resolution:
1920 x 1080 | • Wireless connectivity:
802.11 a/b/g/n, 2.4 GHz or 5 GHz |
| • Image sensor:
1/3", 2.12 MP, 1920 x 1080, HDR | • Operating temperature:
32° F - 104° F (0° C - 40° C) |
| • Lens/angle of view:
3.19 mm, F2.2, 110° | • Operating humidity:
20% - 100% Non-Condensing |
| • Low-light sensitivity:
0 Lux With IR | • Max power consumption:
12 V - 1 A DC |
| • IR range:
Up To ~15 Ft (4.6 M) | • Dimensions (L X W X H)
2.8 X 2.3 X 3.1" (7.1 X 5.9 X 8.0cm) |
